Political activity in the ranks of the working class should be intensified to strengthen its spirit of combativeness against the schemes of the class enemy. The working class that has built up the people's democratic system should scrupulously defend its conquests against the attempts made by certain alien elements to deliver a blow to the people's democratic régime. Special attention should be paid to political activity in the ranks of the youth, of the intelligentsia, and particularly, in the ranks of the students, a mass more susceptible to be influenced by hostile elements. 2. Measures should be taken to strengthen the defense of regional and town Party and people's councils' headquarters. Moreover, measures should be taken to strengthen and seriously organize the enterprise guards. Wherever necessary, special groups should be organized to provide support to the Militia. The guards groups shall be formed of the best members of the Party, the UWY and of the trade unions, comrades devoted body and soul to the cause of the Party and the people's democratic régime. The guards of regional, district and town committees shall be armed immediately. At the same time, the factory guards shall be gradually armed according to approval of the Political Bureau of the CC of the RWP. 3. Immediate steps should be taken for the organization of the protection of central institutions and of institutions functioning in the main cities in Romania. The State Security bodies, strengthened, wherever necessary, by troops of the Armed Forces shall make such protection. 4. Immediate steps shall be taken to strengthen the defense of the frontier with Hungary. 5. As for the things that occurred at the Timisoara Polytechnic School, steps shall be taken to apprehend the persons gathered at the Polytechnic School and to escort them to a special place, where the Security bodies shall sort out the hostile elements. 6. As of October 30, 1956, 10: 00 p.m., a General Command shall be organized, formed of Comrades Emil Bodnaras, Nicolae Ceausescu, Alexandru Draghici, Leontin Salajan, in order to coordinate the above-mentioned actions and to take efficient measures on the basis of the decisions of the Political Bureau of the CC of the RWP. 7. The General Command shall function under the leadership of Comrade Emil Bodnaras and shall be subordinated to the Political Bureau of the CC of the RWP and to the Council of Ministers of the Romanian People's republic. The General Command shall be permanently in touch with Comrade Gh. Gheorghiu-Dej, First-Secretary of the CC of the RWP and with Comrade Chivu Stoica, Chairman of the Council of Ministers. 8. The General Command shall be entitled to take any measures - wherever necessary to secure order - including the right to give the order to open fire if necessary. When difficult situations are obtaining in certain places, the General Command may declare the state of emergency in the respective zones, to be established according to the gravity of the situation, such measures having to be submitted then for approval to the Political Bureau of the CC of the RWP. 9. The General Command may take measures to suspend courses in some higher education institutes if imposed by circumstances. 10. All reports on the situation obtaining in the country shall be sent to the General Command. 11. Special attention shall be paid to the Romanian Railways Company and the Post, Telegraph and Telephone Services.
