Monsieur Samaranch,

January 6, 1985,

Dear sir,

We would like to appeal to you to consider the re-sitting of the 1988 Olympic Games
from Seoul to a more suitable place.

The authorities in Seoul intend to use the Games to further their aim of the complete
division of Korea, against the ideals of the Olympiad they will make political capital
from the Games. Korea is on the verge of war as a result of the actions of these
people who are persecuting their own people at this very moment!

Many other nations are prepared to host the Olympic Games and we hope sincerely
that you will choose one of these.

Yours Sincerely,

Granville V. Stone (Secretary) William Wilson D.L., (President).
