To the Ministry of Foreign Affairs:

The US Consulate General at Geneva called our Consulate General to schedule a meeting for 4:00 p.m. tomorrow.

According to Agence France-Presse, the US Department of State has already granted exit permits to 76 Chinese students. It is likely that the US side will discuss the Chinese student issue, which we raised at previous meetings, and will also inquire into the convicted Americans in China. Please give us instructions and provide us with relevant materials, such as the names of those students who have already returned to China, facts regarding US obstruction [toward the resolution of this issue] and abuse of the Chinese students, and information regarding the convicted Americans [in China]. We wish to postpone the meeting until the afternoon of the 6th [of April]. Please send instructions immediately so that we prepare (your reply to our last request was too late).
