In response to your question "Has this been shared with the South Koreans? It should be. Ask Steve." I have called the Congressman's office and learned that the transcript has not been shown to the South Koreans and Solarz does not at this point have any intention of showing it to them.

Do you want me to raise this question with Solarz in a note, or will you discuss it when you see him later this week?

I read the transcript of your talks with Kim Il Sung and Kim Young Nam with great interest. Thank you for sending it to me. You were certainly well prepared for the meeting.

I look forward to another meeting on the tennis court.

With warm personal regards.
