Your Excellency,

On 18th November 1977, two years have elapsed since the U.N adopted resolution in dissolving the command of the UN Forces in South Korea, thus withdrawing U.S imperialist aggressive troops occupying south-Korea under cover of the UN flag, converting the Korean military armistice agreement into a peaceful agreement as a counter-measure for easing tension and maintaining and cementing peace in Korea, observing the principles of the joint North-South Statement, removing the military confrontation in Korea, maintaining concrete peace and speeding up the independent and peaceful reunification of the country (Korea). Not a single move has yet started up to now, despite to the persistent struggle of the Korean people and wishes of the progressive people of the world.

We kindly ask you to take note of the following:-

We on behalf of progressive Mauritian youth, energetically ask the United-Nations through its Secretary-General to take vigorous actions for the implementation of the UN resolution adopted at its 30th session Assembly and againsts the continuous violation of the UN charter by the U.S.A.

Despite the UN resolution, the USA by the voice of his President Jimmy Carter had declared "that a total of 7,000 Air force personal and at least 3,000 soldiers are scheduled to remain Korea once the second Infantry Division departs". He also promised an "augmentation of the number of American tactical fighters in the country, including personnel". So it is clear that the USA will never implement completely the UN resolution. ~~Therefore~~ we consider that it is high time for the UN to make move.

Carter, the President of USA, is actually giving increasing support to the fascist satellite regime in the south Korea, since Carter obviously does not intend to honour the UN resolution, we call upon the United Nations to use its veto for persuading the USA to withdraw from South-Korea or to take sanctions.

As a human act, we hope you will have no objection to associate yourself with us in asking for the urgent implementation of the 30th UN session Assembly's resolution, since, it is the Korean people

... and the world peace lovers will followed with keen interest the putting into practise the UN resolution by every possible means.

We hope that the dissolving of the "UN Command" and withdrawal of the US imperialist aggressive troops will be realised at the earliest under your rapid way doing things.

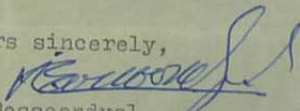

It is time for the UN to stand on alert so as to prevent any manoeuvres of the USA and clicks for the entry of two koreas to UN or their malicious intention's plot for creating two Koreas for a while

We, therefore again, demand the United Nations for the immediate implementation of UN resolution on Korea question for an urgent dissolve of "UN Commands" and "USA military troops complete withdrawal from the Korean soil!"

We wish you success and longevity for the responsibility you have been elected by the World's nation.

Hope to see your actions in a very short delay, as the world progressive is waiting for.

Yours sincerely,

N. Bessoondyal,
President of Socialist Working Youth League
of Mauritius

and
Mauritius Socialist Working Youth
League's Committee of Solidarity
and for supporting Korea
Reunification.
