## A PETITION

To Chairman Of United Nations Assembly  
 From Chan Tai Wai, P. O. Box 5819 Hongkong, Chinese Democratic League  
 Subject: An indictment against Soviet Russia as an aggressor nation on Chinese sovereignty

Inasmuch as the reason d'être of the United Nations is to maintain international peace it is imperative that aggressor nations, specially member nations must be properly disciplined when committing wrongful acts--- the causes of war. So being aware of my individual capacity I however, feel it necessary to put up a formal indictment against Soviet Russia and request the United Nations to mete out proper measurements to the offender that the peaceful order of the world may not be endangered

First of all I protest against allowing Soviet Russia to remain a member in the United Nations. It is no secret that since the advent of the United Nations, the entire world had been fallen into the crutches of the communistic bloc, increasing instead of lessening international tension. It is most regrettable that Russia armed with secret treaties like that of the Yalta Agreements openly defied the enlightened opinions of the world, in exploiting Manchuria, in instigating the Mao-tse-tung and Kuo-mo-yo regime as well as in promoting the Korea War. That the United Nations can overlook such aggressive actions and still retain its name as organ for international peace efforts is a historic farce and calamity. I am constrained therefore voice the indignation of 450 000 000 suffering souls and ask for immediate remedy. Specifically we demand the return of the Sakhalin Islands and other territories robbed by Russia in the past two hundred years; and that proper penalties be applied to the latter. Secondly, as a result of the Yalta Agreements, engineered by Roosevelt, Churchill and Stalin millions of Chinese people have become victims of the aggressive acts that they are starving to death in Hongkong and Macau. Before any final settlement is to be reached the signatory-Powers must be held responsible for present livelihood. The United Nations is the one organ to assume the directing roles.

Thirdly, Pres. Chiang Kai Sek of China has rendered invaluable service to his Allies in Burma and Hongkong during the War. he is truly the white hope of Freedom and Democracy. The United Nations should never consider sitting the Peking Reds, his and democracy's enemy.

Fourthly, That Soviet Russia is abetting disturbances everywhere is a matter of common knowledge. She should be declared offender and be held responsible for all damages of life and property.

Fifthly, Soviet Russia must be made to declare the parts she is playing in the government of Mao and Kuo. The United Nations should do all to prevent further complicity.

The above represents the true feelings of 450 000 000 Chinese people. We are looking for positive action. May Providence forbid that the United Nations be degenerated into a mere accomplice of aggressors; for the entire human race depend on its present determination.
