Briefing Allies on Nuclear Export Controls

Per your instructions the British, Canadians, and Germans will be briefed on this subject this week and given copies of the aide memoire on nuclear export and safeguards policies.

It is not clear whether you have already mentioned this issue to the French Ambassador. As you know, we believe it is important that you call him to indicate your personal interest rather than letting the issue get ground up in the French bureaucracy. The brief talking points are attached again for your use.

Recommendations:

1. That if you have not already done so, you call the French Ambassador this afternoon.

Nuclear Exporters Meeting

You have approved our recommendation that you telephone the French Ambassador and that we and Hal Sonnenfeldt meet with him before your Moscow trip. As soon as you have called Kosciusko-Morizet, we will schedule our meeting with him. Talking points for your telephone conversation are attached.

We propose to brief the British, Canadians and Germans early this week on our approaches to the Soviets and French and will hand over identical copies of our aide memoire on nuclear export and safeguards policies. (We believe the Germans should be informed because of our previous joint consultations on non-proliferation and their own demarches to Paris for French cooperation in nuclear export controls.)

We will inform DOD, the AEC and the NSC staff of these approaches.

Recommendation:

That you telephone Kosciusko-Morizet today (in view of your trip to Mexico) and that we take the above approach with the British, Canadians and Germans.
