Embassy in the Soviet Union:

Please immediately devise a way to investigate the following matters and report back your findings to be used in this evening's Xinhua News report.

1) How many international students in total were injured? How many Chinese students were injured and how many are in serious condition? If you are not able to complete the investigation by 1:00 a.m., please provide an estimate or find out how many students from Vietnam, Cuba, and other Asian and African countries were injured.

2) Students from which countries participated in the protest? At least find out which continents they are from and whether or not there were any from the USSR or Eastern Europe.

3) Was it the Cuban ambassador or a stand-in that gave a speech in front of the Vietnamese embassy?
